... this is Our Michigan

Official census bureau reports rank Michigan first in the nation in the value of our manufactured products in more than 20 types of industry.

The list includes motor vehicles and parts — truck-trailers and mobile homes — boatbuilding — conveyors — machine shop work — gray iron foundry production — metal stampings — hardware supplies — salt — sporting and athletic goods — steel springs — cereals — public building fixtures — padding and upholstery fillings — internal combustion engines.

Moreover, Michigan ranks second in the nation in the manufacturing value of its output of industrial trucks and tractors — screw machine products — electrical welding apparatus — industrial leather belting — gaskets and asbestos insulation — blowers and fans — woodworking machinery — painting and art goods — paper products.

We rank third in production of machine tools — food products machinery — power transmission equipment — ball and roller bearings — metal doors — metal office furniture — concrete products.

And we are fourth in production of farm tractors — industrial furnaces — prepared meats — pharmaceutical preparations — wood office furniture — abrasive products and photographic equipment.

We have 13,000 manufacturing establishments — engaged in 369 kinds of manufacturing operations — employing more than one million workers.

Why has Michigan achieved its industrial eminence? Manufacturers give these answers:

We are in the midst of the world's greatest supply of fresh water, prime industrial asset. We also have the tremendous advantage of low-cost water transportation on the Great Lakes and reaching through the St. Lawrence Seaway to the world. Additionally, we have excellent highways, rail and air service.

We have the most favorable market position, in relation to population centers of any state. Centrally situated in the rich Great Lakes industrial market area, we are the fastest growing of the five states in that rapidly expanding region.

We are near major sources of materials — manufacturing

ricated parts as well as raw materials — We have a large and highly skilled labor force. We are amply supplied with electric power and natural gas, distributed by 85 power companies and 16 gas companies — We have outstanding research and technical centers — and our geography gives us a favorable and stimulating climate.

Because of its predominant position as the world's Motor Capital, not many people are aware that Detroit also has some of the country's largest drug and rubber manufacturing plants.

While it ranks fifth in population among the nation's largest cities, Detroit is third in volume of banking transactions, fourth in volume of total business, fourth in manufacturing employment and fourth in dollar value of manufacturing.

Grand Rapids, our second largest city and renowned as the nation's Furniture Capital, boasts a highly skilled force of some 8,000 quality furniture designers and craftsmen.

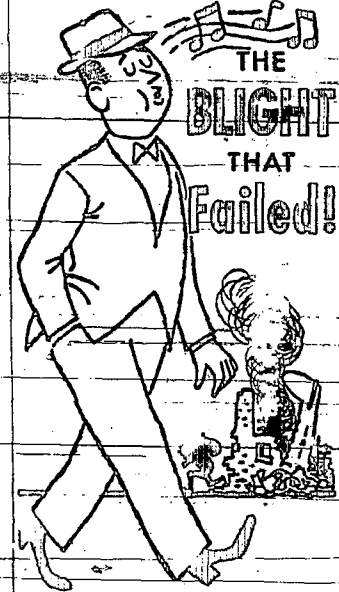

While Grand Rapids no longer holds first rank in volume of furniture production, it retains its distinction as the style and quality center of the American furniture industry.

It is also the nation's main production center of office and school furniture and of school, church and theatre seats.

The chemical industry is currently among Michigan's fastest growing. Dow Chemical Company at Midland, founded in 1890, is a giant among the world's leading chemical makers, operating in 10 states and the province of Ontario.

The Michigan chemical and pharmaceutical industry ranked seventh in the nation in the commercial value of its products and employing more than 44,000 people in 411 establishments — also flourishes in the Detroit-Wyandotte area and in Bay City, Kalamazoo, Grand Rapids, Flint, Marquette, Iron Mountain, Holland, Marquette, Manistee and Sault Ste. Marie.

The papermaking industry is also important in Michigan's economy. Our first paper mill was established in 1834 at Monroe on the Raisin River. Today we have mills in 17 counties — notably Kalamazoo, Monroe, Kent, St. Joseph, Berrien, St. Clair, Manistee and Menominee. Nearly 20,000 workers are employed in Michigan — plants manufacturing paper and allied products.

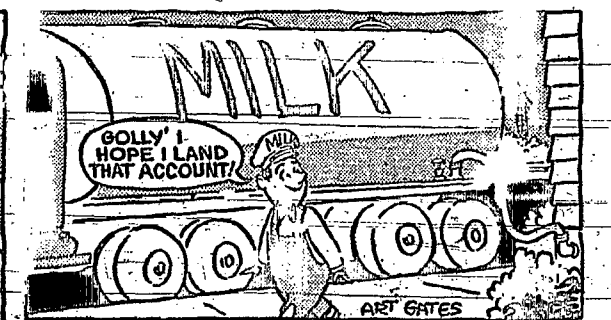

His home is wrecked. Wind, fire, thieves, airplanes — all had a crack at it. What's he got to whistle about?

Well, he took no chances. He saw us about an Employers' Group Insurance Companies' HOME-OWNERS POLICY B. We gave him thorough home protection for the house and contents in one simple policy. Before, he had to have 4 separate policies, so we saved him real money. And now he has no worries; he knows he's covered.

Want to learn his merry tune? See us for this brand new policy. (Some states require 250 Deductible on certain coverages.)

LET'S BAG SOMETHING BIG

In our town's efforts to build prosperity for its citizens, what is the biggest thing we can bag?

It is a good name — a good name for our town as a good place for industry to succeed and a good place for people to live.

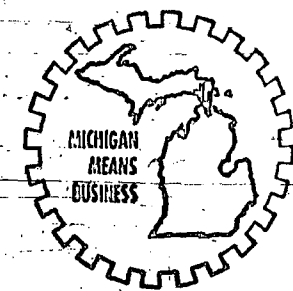

As industry looks for places to locate plants and payrolls, its eye is out for towns that have such assets as:

Strong community spirit and leadership — fine schools — outstanding public services — pleasant residential areas and attractive

business districts — sound planning and zoning — a good chamber of commerce — developed industrial sites — adequate plant financing — appreciation of present industry — productivity everywhere around.

Industry not only has its eye out but has its ear cocked. A good name travels far and a town with a good name goes far.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

Small Town Outlook Good

There's good news — speaking in terms of payroll and industrial investment — for the smaller communities of this country. U. S. News & World Report tells the story in its issue of December 21.

U. S. industry is turning more and more to small towns — and even the open country-side — as a place to build new plants.

As a result, job opportunities in many small communities across the country are on the increase.

In some rural areas, new industries are giving employment to people who used to make their living from farming. In other places, payrolls from the new plants are boosting retail trade and lifting the standard of living of local residents.

The U. S. News piece is based on an official study made by a division of the Department of Commerce. This is the first such government study of its kind, so no exact comparisons can be made with past times. However, Commerce says that the movement of industry into the smaller communities has steadily increased in recent years. And one plant-location specialist reports that more than 90 per cent of all the new factories built since World War II ended have gone into communities with under-50,000 population bracket. While this has been happening, he adds, "the large traditional manufacturing cities of the U. S. have lost ground rapidly."

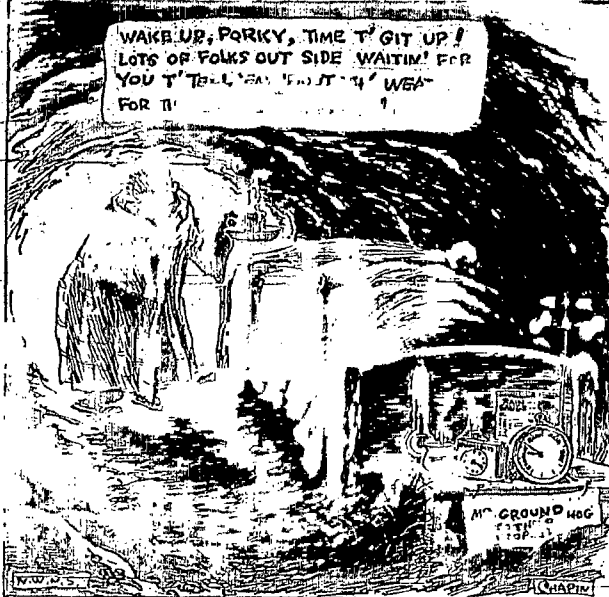

The magazine gives a number of specific examples of the trend, based on checks of business executives and industrial authorities. In Kentucky, for instance, 478 of 649 new plants built or planned in the 48-59 period were located in the under-50,000 communities. This year's biggest Florida development — a \$13.5 million asphaltpaving plant — went to a town of 6,000. And in Vermont, whose largest city contains only 35,000 people, national companies entering or expanding operations in the state have added \$8 million to the annual payroll in five years.

What brings industry into the small towns, the suburbs and the countryside? A large part of the answer can be given in one word — "Cost." An expert says, "More and more industries are finding that their costs — for labor, transportation, fringe benefits, plant overhead and utilities — are often lower in smaller communities than in big cities." On top of that, smaller communities often offer pleasanter living conditions, for both work and recreation, and provide special advantages for company and worker alike.

This does not mean that the big city is due to wither on the vine industrially. Numerous types of business — printing and publishing, rubber products, machine tools, paints and so on — down a lengthy list — favor the urban location. "Even so," says U. S. News-in-conclusion, "there is evidence that smalltown locations are appealing increasingly to many business concerns. The prospect for the years ahead is that the nation's rural areas will get a still-larger number of business concerns of many kinds."

Editor & Publisher reports that Chevrolet will advertise in 7,100 daily and weekly newspapers during the coming year. This, it observes, "reveals a renewed faith in newspaper advertising on the part of automobile manufacturers."

January 28, 1937

A delayed winter sports season opened in real earnest Sunday when two snow trains from Detroit came rolling in, pouring out their long rows of colorfully clad passengers. As usual there was a crowd of happy people, all ready to let loose in winter frolic. All the toboggans in the park are equipped with steel runners so that they will be speedier than ever. There has been a new improved amplifier placed at the park so there will be music galore there from now on. It will be working tonight.

Andrew J. Keller of Frankenthum has leased the building next to Shoppens Annex, originally occupied by Schweitzer and Wilson, for the manufacture of meat products.

"On to Victory," was the battle cry of the Northern Lights Friday night as they engaged in combat with the thundering Thunderbolts of Alpena Central, and win they did. Proudly displaying the colors of Grayling High, the locals accounted for their second straight win by turning back the visitors with a 25-18 score. The Grayling Reserves played heads-up ball to hold the Houghton Lake varsity to a 23-28 win.

Frederic High school basketball teams won a twin victory Friday night. The varsity squad defeated Mio's varsity by a score of 31-21. Roy McEvers is absent from his duties at the Burke garage, nursing an injury to his back.

The South Side Woman's Recreation club met Tuesday at the South Side school. A potluck lunch was served.

Arthur J. Wakeley is away from the gas station for a few days and is busy putting up ice at his home down river.

Mr. Walker, engineer representing the U. S. Postoffice Department, was in Grayling Friday transacting business in connection with our proposed new postoffice building.

Nick Schlotz is having his store building rewired. C. M. Church is doing the electrical work.

Mrs. Edgar Flory has been removed to her home here from the Toltree Hospital at West Branch, where she has been ill for several weeks. Her friends will be glad to know she is recovering nicely.

Mr. and Mrs. Nyland Houghton are nicely settled in their upstairs apartment at the Van Natter home.

Mrs. Hazel Trudgeon is supplying in the fourth grade owing to Miss Hewens being absent on account of illness.

Mrs. Tatro is having the interior of her store building redecorated. Her son, Clarence Weaver of Gaylord is doing the work.

THIS WEEK'S RECIPE

Nectar Party Pudding (Serves 6-8)

1 1/2 cups apricot whole fruit nectar

1/2 cup sugar

Few grains salt

1 envelope plain gelatin

2 tablespoons cold water

1 tablespoon lemon juice

1 cup heavy cream, whipped

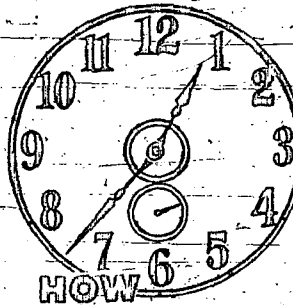

Combine nectar, sugar and salt; heat to just below boiling point. Soften gelatin in cold water and dissolve in hot nectar. Stir in lemon juice. Chill until thickened; fold in whipped cream and turn into 1-quart mold. Chill until firm, then serve unmolded.

going to use for roast pork, capon or any other fowl.

Mince ripe olives, peanut butter and a bit of mustard and minced-pickles for flavor make a good "meatless" filling for sandwiches.

In addition to butter and salt for flavoring mashed squash, add a bit of cinnamon to make it spicy. This is delectable served with baked ham and spiced apples.

Add maple extract and brown sugar to syrup from canned peaches and cook them for a few minutes in this. Let stand in syrup to cool then serve with coffee ice cream for a simple but delectable dessert.

man's Hospital, and word received says that she is recovering nicely, which will be glad news to her many friends here.

Night marshall Morgan Paigo has been quite sick with the flu. However, he is reported improving, but still not able to be on the job. Jess Mobenmeyer is taking care of his beat during his absence.

Different groups and individuals of the Woman's Club have been earning money for the milk fund for school children. One group, Miss Weatherwax, Miss Bath and Miss McDonald, gave a benefit party Saturday evening, for which Mrs. Holger Schmidt very graciously opened her home. There were thirty-three in attendance. High scores were held by Mrs. Emil Giegling, Frank Bond for contract, O. P. Shumann for auction, and Mrs. Fred Welsh for tripoley.

Robert Jackson, used car part and junk dealer, set fire to some wrecked cars with the idea in mind of burning all of the inflammable portions of the same Thursday evening. Someone observing the conflagration, turned in an alarm to which the fire department responded with alacrity. Hoping to give Mr. Jackson some needed help, they discovered that their intentions of turning on the hose would have defeated the good intentions of Mr. Jackson and would have caused him the necessity of wasting another match and additional kindling.

Elmer Neal of Detroit visited here over the weekend. He was accompanied on his return by Ted Wheeler who is seeking employment in Detroit.

Since last Sunday we have had some real weather, along with more snow than we have had any time this winter at one time. The temperature for a few mornings slipped one's ears. January 24 the mercury went to 8 below zero, January 26 it was 12 below, January 27, 11 below. This morning it was 18 above.

Mrs. George Granger and Miss Irene Randolph spent a few days in Lansing, returning Sunday.

All of the Army trucks from the CCC camps in the north and three technical service trucks from camp have been called to Camp Custer to leave later to do flood relief in the Ohio valley. The several trucks from the camps in this vicinity assembled in Grayling this morning and each truck manned by two men left for Camp Custer. Captain Niemz and Lt. J. D. Hartley conveyed the trucks to Custer. Previously each camp has sent cooks from their camp into the stricken areas.

NOTICE

FREDERIC TOWNSHIP
Crawford County, Michigan
For the residents and property owners of Frederic Township, Crawford County, Michigan, and other interested persons:

"PLEASE TAKE NOTICE that the Township Board of said Township, at a legal meeting of said Township, held on January 7, 1960, adopted the following ordinance as governing said Township, to become effective February 16th, 1960."

Fredric Township ORDINANCE No. 1
Fredric Township LIQUOR CONTROL ORDINANCE
ADOPTED: 1-7-60
EFFECTIVE: 2-16-60

An Ordinance to secure the public peace, health and safety of the residents and property owners of the Township of Frederic, Crawford County, Michigan, a municipal corporation, for the regulation of alcoholic liquor traffic within said Township, to provide penalties for the violation of said ordinance, and to repeal all ordinances and parts of ordinances in conflict therewith.

THE TOWNSHIP BOARD OF FREDERIC TOWNSHIP, CRAWFORD COUNTY, MICHIGAN, ORDAINS:

Section 1. TITLE.
This Ordinance shall be known and cited as the Frederic Township Liquor Control Ordinance.

Section 2. LIQUOR CONTROL ACT OF THE STATE OF MICHIGAN.
All alcoholic liquor traffic, including among other things, the manufacture, sale, offer for sale, storage for sale, possession and transportation thereof within Frederic Township, Crawford County, Michigan, shall conform with the provisions of the Michigan Liquor Control Act, being Act No. 2 of the Michigan Public Acts of 1933, as amended.

Section 3. ENFORCEMENT.
For the purpose of the enforcement of said Michigan Liquor Control Act within said Township, a Liquor Control Enforcement Department with full power, authority, and duty to see that the provisions of said Act and the rules and regulations of the Michigan Liquor Control Commission, adopted pursuant to said act, are enforced within said Township. Such Department shall consist of not less than one Constable or Deputy Sheriff appointed by the Township Board and such other personnel as the Township Board may in its discretion appoint. The personnel in such Department shall be entitled to such compensation as the Township Board may determine. Such Department or a member thereof shall be available at all times to investigate complaints received under this Ordinance, and enforce the provisions hereof.

Section 4. INSPECTION.
The Township Liquor Control Enforcement Department shall inspect not less than monthly all liquor establishments licensed under the Michigan Liquor Control Act of the State of Michigan, and report the results of all inspections promptly to the Township Board. The Township Liquor Control Enforcement Department shall further promptly investigate all complaints received by it concerning violations of the Michigan Liquor Control Act, or improper operations and practices concerning alcoholic liquor traffic within the Township, and report the same to the Township Board and, where appropriate, under the Michigan Liquor Control Act, to the Michigan Liquor Control Commission for appropriate proceedings against the violator.

All inspectors shall carry appropriate cards issued by the Township Clerk clearly identifying them as Township Liquor Control Inspectors. They shall present said cards to the owner or manager of every place inspected by them when making an inspection, upon demand for identification by such owner or manager.

Inspectors shall have the right to inspect any place in the Township where alcoholic liquor is manufactured, sold, offered for sale, kept for sale, possessed or transported, or where the Inspector suspects the same is being manufactured, sold, offered for sale, kept for sale, possessed or transported. Whenever possible, all inspection reports shall be made on forms furnished by the Michigan Liquor Control Commission or on similar forms otherwise obtained by the Township Liquor Control Enforcement Department.

Section 5. APPROPRIATION.
For the purpose of carrying out the provisions of this Ordinance and establishing the Liquor Control Enforcement Department here provided for, the Township Board hereby appropriates a sum for such use, and is hereby authorized and directed to annually appropriate such an amount as will, in its discretion, be sufficient to maintain and operate such Liquor Control Enforcement Department for the ensuing fiscal year of the Township, not exceeding, however, 10 mills of the assessed valuation of the Township in any one year for the maintenance and operation of the Department.

Section 6. PENALTIES.
Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act or any rule or regulation of the Michigan Liquor Control Commission promulgated thereunder, or who shall violate any of the provisions of this Ordinance, or any person who shall prohibit or interfere with the authorized inspection of a member of the Township Liquor Control Enforcement Department, shall be guilty of a misdemeanor, punishable by imprisonment in the county jail not more than 90 days or by a fine of not more than \$100.00, or both, in the discretion of the court. Each day that a violation continues to exist shall constitute a separate offense.

It is the intent of the Township Board that the court, in imposing punishment under the provisions of this Ordinance, should discriminate between casual or slight violations and habitual sales of alcoholic liquor or attempts to commercialize violations of this Ordinance or any of the rules or regulations of the Michigan Liquor Control Commission promulgated under the Michigan Liquor Control Act.

Section 7. EFFECTIVE DATE.
This Ordinance shall take effect on the 16th day of February, 1960. All Ordinances or parts of Ordinances in conflict with any of the provisions of this Ordinance are hereby repealed.

Michelson Memorial Church News

Michelson Memorial is especially fortunate this year in opportunities to hear missionary speakers. Dr. Robert Fleming, pioneer missionary to Nepal, was here about the middle of the month, bringing the congregation up-to-date on developments during the past five years, he having spoken here in 1955, when the mission in Nepal was just getting established. This coming Sunday evening the Rev. Mr. Henry T. Wheeler, more than thirty years in missionary in the Belgian Congo, will tell of his work in that land where he has helped to open two major mission stations. In 1952, Mr. Wheeler was knighted by the Belgian government for "outstanding pioneer service." He will meet with the Adult Fellowship at 7:00 P. M., and will speak in the sanctuary at 8:00. The church invites every one to attend one or both of these services.

Last Sunday marked the first anniversary of the opening of the new educational building. The Junior Department created at that time has continued for the entire year, having group sessions in the dining room and is the most conspicuous example of the growth enjoyed by the church these past few years, having an average attendance almost as large as the entire Sunday school reported in the days immediately following World War II, the point at which widespread interest in things spiritual began to develop. The new facilities have added immeasurably to the capacity of the church to carry on a good program of Christian Education and community service.

Some ten members of the Youth Fellowship group expect to attend the Mid-Winter Rally in Saginaw, leaving Friday afternoon and returning Saturday evening.

Friday evening of this week will be the monthly Pack Meeting of Cub Scout Pack 93, sponsored by the Men's Club. All Cubs and their parents are expected to attend, and prospective Cubs and their parents are invited to make application for membership at this time. Three new Den Mothers have been added to the committee recently, making den space for new boys.

Mr. and Mrs. Russell Ballinger and daughter Laurie Sue returned from Dearborn and Ann Arbor Tuesday where they had spent several days visiting relatives.

Mr. and Mrs. William Haggard and baby have moved to Grayling from Baldwin, in connection with Bill's work. They will be in this area for a few months. Their trailer is stationed at Southgate Motel.

Several of the Grayling folks followed the flying high Vikings to Boyne City last Tuesday to cheer them on, among them the Sam Gusts, the Eric Posts, the Corliss Stampfys, the Lacey Stephens, Mrs. Carl Richardson, the Annus Peldhausers, Jackie Norenberg and Connie Davis.

Mr. and Mrs. Lawrence Hunter drove to Grand Rapids Friday to bring their daughter Patricia home from Aquinas College at the end of her semester. Pat will be staying here until March 7th, when she will work as an assistant nurse at the Traverse City State Hospital in connection with her teaching during her second semester.

Mr. and Mrs. Harvey Rowland and Mrs. Augustus Bank spent Wednesday last week in Traverse City. The Rowlands and children were in Lansing over the weekend, visiting her sister and family, the Edward Martins. Mr. and Mrs. Martin and children were here visiting her parents, the T. P. Petersons, the previous weekend.

The office of Dr. Ralph Hoffman will be closed January 27th, reopening at 904 Michigan Ave., on February 1st.

Mrs. Wayne Kubik gives a valuable tip for icy weather. If your boots have become worn down so there is no tread - put a cross (with two or three bars) made of waterproof tape on the sole. It will help.

Sam Randall of Lewiston and daughter Trudy Keeko, R. N., of San Francisco, Calif., visited at the home of her uncle, Mr. and Mrs. Dick Thompson, and aunt, Mrs. Carl Tahvonen, last week. Trudy just returned from a cruise to the Orient, visiting Japan, Hongkong, China, etc. On Wednesday and Thursday they visited at the home of her cousin, Dr. and Mrs. Jack Flebing in Traverse City. They were accompanied by Mrs. Carl Tahvonen and Pete Seera.

Mr. and Mrs. Emil Tahvonen and children Randy, Terry, Monte, Marilee and Jeffrey of Lansing spent the weekend before last visiting at the home of his mother, Mrs. Carl Tahvonen, and the Ray Murphys at Frederic.

John Bruun was in Lansing on business from Monday to Wednesday.

Mr. and Mrs. Albert Schreiber entertained with a family dinner Sunday at their home. Present were day of their son, Bill. Present were Bill and his wife, Mr. and Mrs. Calvin Schreiber, Mr. and Mrs. Clayton Hildebrand and children, and Mr. and Mrs. Laurin Wing

and daughter. Bill received some very nice gifts.

The Alcoholic Anonymous meeting in Kalkaska Saturday night was a very successful one, with forty-eight in attendance, from Alpena, Traverse City, Cadillac, Grayling and Kalkaska.

A. L. Roberts left Sunday for Lansing to attend the State Association of Supervisors' annual convention at the Hotel Olds until Friday.

Mitchell Hildebrand was 7 years old last Friday, the 22nd, and to celebrate the occasion his mother, Mrs. Clayton Hildebrand, invited in 12 of his friends for an afternoon of games. Janey Pettengill and Freddie Niederer were prize winners. The traditional birthday cake, chocolate milk, and ice cream were enjoyed by the youngsters, and they all listed to Kenny Roberts' sing a "happy birthday" to Mitchell on TV.

Mr. and Mrs. Robert Klein and daughter Carolyn, and Mr. and Mrs. Floyd Ritenburgh, spent Sunday at Mt. Pleasant, attending graduation exercises at Central Michigan University, in which the former's sons James and Richard Klein received their degrees. They gathered later for a visit at the Richard Kleins' home.

Mr. and Mrs. Reginald Ashton and children Dale and Lynda Kay of Saginaw visited their parents, the Kenneth Ashtons and Mr. and Mrs. Clarence Gross, over the weekend.

Mr. and Mrs. Al Baginski left Saturday for Bradenton, Fla. for a month's vacation. Mr. Baginski plans to accompany Forrest Vincent to the Yucatan Peninsula to try out the fishing while they are away. The store is being run by Mrs. Baginski's father, Henry Nolff, while they are away. Mrs. Jack Richards accompanied the Baginskis on their trip to Florida.

Ann Haskett, Jan Henig, Marcia Sorenson, Billy Joseph, Mickey Stillwagon and Dave Blaha enjoyed skiing at Hidden Valley Ski Club in Gaylord last Thursday afternoon.

James Brown is returning this weekend after spending three weeks in Detroit attending a school for General Motors new dealers.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

One may either look with favor on the cause of the steel union, or may not. One may favor the stand of Big Steel, or may not.

And to our extraordinary there, one may not look with favor upon the controversial Senator Wayne Morse.

But regardless, it does not seem to permit of dispute that he placed his finger on a weakness in the Taft-Hartley act.

He recalled when he acted in one of the railroad strikes, he had the power under the railroad act, to force a settlement. But under the Taft-Hartley act, there is no power given anyone to force a settlement. Dept. of Justice officials can legally do nothing but "laid" the opposing factions into getting together, but he actually has no more power than the social steward on an ocean liner.

Now of course, under Taft-Hartley, government can invoke an injunction which causes struck industry to go back to work for eighty days to permit further negotiations.

Yet here is the situation insofar as any strike comparable to the steel strike. The production of steel in this country has been allowed to become almost a virtual monopoly. And by the same token, the steel workers union has become a monopoly.

Now the question becomes, what happens when two stubborn monopolies clash? It is the National Federation of Independent Business.

foreseeable in such a situation, even though an injunction under Taft-Hartley law causes suspension of work for 80 days, there is no guarantee after 80 days another strike won't start, or even a plant lock out.

The power to force a settlement of a strike was purposely kept out of the Taft-Hartley act on the basis that permitting government to force a settlement would be giving government too great a power.

In most cases of labor trouble, this is undoubtedly true, and in most cases, the present Taft-Hartley act is adequate.

But taking a hypothetical case, what if a steel strike came about so that even after an 80 day Taft-Hartley injunction, the two monopolistic factions kept the battle going indefinitely for perhaps a decade?

And what would be the over all consequences?

Business would come to a complete standstill; there is no need of going into what would happen to national defense.

Probably what would happen, if the nation survived at all, would be that political pressure would result nationalization of such an industry, which would be a major step toward socialism in America. The plants would be owned by government, and workers would be government employees.

Obviously, no thinking American wants to see this happen. Yet, as highlighted by the steel strike, in those industries where control has been concentrated to the point of monopoly, the public is entirely without protection. Such an American Achilles Heel could very well lead to national destruction.

Heart Disease Causes 61% Of Local Deaths

(Special to the Avalanche)

New York, Jan. 18 — Heart disease continues to rank as the number one cause of death in the United States, by far, the greatest cause of human life loss. Latest Government reports show that no less than 61.5 percent of the county's total mortality annually, from all causes, is attributable to the cardiovascular group ailments, more commonly called heart disease.

The ratio is a high one, exceeding that found in the United States as a whole, where it is responsible for 53.6 percent of all deaths. In the east North Central states, it is 55.2 percent.

The heart disease problem has been the focus at this time because of the designation of Feb-

ruary as National Heart Month. Despite the massive research effort that has been going on in laboratories and in medical centers, the mortality has been rising. According to the American Heart Association, it is taking over 875,000 lives a year, which is more than are lost to cancer, to accidents and to all other diseases combined.

The rise, however, does not mean that medical science has not made advances in the prevention and treatment of heart disease.

Rather, it is explained, the increase is due to the fact that so much progress has been made in other directions, through the control of the infectious and contagious diseases, that more people are living to an older age, where heart disease takes its greatest toll.

Among residents of Crawford County, according to the recent report of the U. S. Public Health Service, giving vital statistics figures for 1957, there were 52 deaths from all causes, of which 32 were due to heart disease. Excluded are the deaths locally of non-residents.

Without the significant gains

that have been made through research in the fight to control the circulatory ailments, the mortality today would be considerably higher, it is claimed.

Among them are new techniques in open heart surgery and in the replacement of diseased arteries with plastic arteries, as well as the perfection of effective drugs for the treatment of high blood pressure.

Frederic Sailor Finishes Boot Camp Training

Great Lakes, Ill. (FHTNC) — Wayne L. Barber, son of Mr. and Mrs. Elroy Barber of 8601 Cheboygan St., Frederic, graduated from recruit training January 23 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries. In nine weeks of instruction, the "new recruit" is developed into a "Navy Bluejacket," ready for duty with the fleet.

23 and Moore with 21 were high for the winners.

The Vikings-jayvees were in even tougher going than the varsity last week as they dropped a game to the Boyce Reserves on Wednesday night in an overtime 52 to 47 and were stopped by the Little Ironmen Friday night, 53 to 44.

Grayling after trailing the whole game at Boyne City came up with a 15 to 9 last quarter to tie the game at the end of regulation play. In the overtime, the Little Ramblers hit for 9 points to the Grayling reserves' 4. Tim Neal with 16 and Sherm Neal with 13 paced Grayling with Tom Wright adding 7, Chris Kroll and Ted Carlson 4 each, Jim Wakelley 2 and Larry Gust a foul shot. Bob Snyder and Larry Gunderson with 13 each were high for Boyne.

At Mancelona Friday night, Grayling stayed right with their hosts trailing by only one at the end of the first half. They then moved out to a 23 to 20 bulge at the final period opened. Mancelona sewed up the game with a 23 to 11 final splurge. Tim Neal with 20 was high for Grayling with Sherm Neal adding 9, Jim Wakelley 8, Tom Wright 4 and Chris Kroll 3. K. Johnson with 23 was high for Mancelona.

CARD OF THANKS

I wish to express my deepest gratitude and appreciation for all the kindness, consideration and wonderful care shown me during my recent illness while in Mercy Hospital, to all the doctors, Sisters and nurses, and especially Dr. Clippert. I also wish to thank my relatives and friends for dropping by with a friendly word and for their kind and thoughtful expressions conveyed to me by the many beautiful cards mailed to me there. Gratefully,

Bernard Bromwell

Bits O' Talk

Mr. and Mrs. Donald Legg, Pam and Doug, spent Sunday in Kaw-kawlin visiting the Hazen Hatfield family, and in Pontiac, visiting Mr. and Mrs. Lloyd Berry, Jr., and Susie, Mary Lou and Nancy.

Mrs. Robert Schulze entertained a group of friends at dinner Sunday night in celebration of her husband's birthday.

The Misses Karen Carlson, her roommate Carolyn and Emrie Ann Bellow were home from Bay City over the weekend, visiting their parents, the Russell Carlsons and Mrs. Emory Bellow. Mrs. Bellow drove the girls back to Bay City Sunday.

Saturday evening guests of Mr. and Mrs. Lyle Weaver were Mr. and Mrs. Gayle Saxton and sons Steve and Brad of East Jordan. On Sunday Mr. and Mrs. Weaver, and children Vickie, Pam and Roger drove to Harrison, where the adults enjoyed a square dancing party on Budd Lake, while the children were sitting on the hills. There was a bonfire on the lake, where some 250 people were gathered for the dancing, and each family toasted their own hot dogs and ate their provisions. Coffee was served to the dancers. Music was from records, but there were callers from out-of-town to direct the dancing. The festivities lasted from two until half past four o'clock.

A/36 Tony Doremire of Duluth Municipal Airbase, Minnesota, has been home on important business for the past ten days.

Mrs. William Heric entertained the William Christensen, the Frank Servens, and the Oscar Charrons at dinner on Sunday, celebrating her husband's birthday. Mr. and Mrs. Frank Bond were dinner hosts to the Saturday night bridge club at their home. At cards Dick DuBois was high scorer and Frank Bond low.

Jon Bond and Tim Perry spent from Wednesday to Friday last week in Clare, visiting Jon's sister, Joan, and in Mt. Pleasant, visiting Tim's brother Jim, at CMU.

Mr. and Mrs. Tom Welsh drove to Vassar, Sunday, to visit her mother, Mrs. James DuBois, and to accompany her to Watrousville to attend the 50th wedding anniversary open house for Mrs. Welsh's aunt and uncle, Mr. and Mrs. Lewis Gussell. The party was given by the Gussell children, Mr. and Mrs. Charles Gussell and Mr. and Mrs. Red Wilkins.

Bob Strong II, visited his parents Friday afternoon, returning to CMU. Mt. Pleasant, Friday evening.

Mrs. Oscar Charron's son, Fred-born Richards, better known as Tony, came to visit them January 12th, from St. Louis, Mo. On the 16th Mrs. Charron and Tony went to Detroit to see his sister-in-law, Mrs. William Richards and family, and from there to Osgood to meet his sister and husband, Mr. and Mrs. Lloyd Peoples. They stayed with Mrs. Bud Lowrie. Tony returned to St. Louis last Saturday.

Winter Carnival

weekend as well as 90 students from Wayne State University of Detroit, 60 students from the University at Ann Arbor and 20 or so Girl Scouts from Midland.

The following is a letter received by Lewis Stillwagon, Winter Sports Park Association President, this week:

To all members of the Winter Sports Park: Attention Ski Patrol. My family and I recently had the pleasure of skiing at your park and seeing your Patrol in action. We feel that the members of your Patrol are outstanding in exhibiting kind, courteous and efficient service in the performance of all their duties. We will not hesitate to recommend your park as a pleasant and safe place for families to ski.

Sincerely,
M. J. Alberts, M. D.,
Saginaw, Mich.

Mr. Stillwagon was happy to pass this on to the folks in Grayling.

This Thursday, the 28th, is pot-luck night at the Winter Sports Park, dinner to start at 6 o'clock. Everyone is asked to bring a dish to pass, and his own table service.
